General Orders by the Right Hon'ble the Governor General of India.

Simla, 16th July, 1847.—The Right Hon'ble the Governor General is pleased to publish the following Extract of a Military Letter from the Hon'ble the Court of Directors to the Government of Bengal, No. 51, dated 12th May 1847, paragraphs 16 to 18:

"16. It has always been intended that our Veterinary Surgeons should be duly Commissioned like those in Her Majesty's Service, with date of rank from the date of admission to the Service by the Government in India. We now learn that Commissions have not been issued at your Presidency or at Madras, since the year 1836, in consequence of our not having sent out their order of rank since that time."

"17. Veterinary Surgeons being appointed singly, and generally at long intervals between each other, it has not been necessary to fix their relative rank by lists of rank like those for Military and Medical Officers, but they should not on this account be deprived of the usual Commissions, you will accordingly take measures for the issue of these Commissions, with date of rank in the order of their appointments."

"18. The rule as to the rank and precedence of Veterinary Surgeons which obtains in Her Majesty's Service should be extended to our Service, and we sanction its adoption accordingly."

Simla, 19th July, 1847.—The Right Hon'ble the Governor General of India having resolved, in the Foreign Department, that the services of Lieutenant O. Hamilton, 7th Regiment Bengal Light Cavalry, are no longer required as Commissioner of Belooch Prisoners, that Officer is placed at the disposal of the Right Hon'ble the Commander in Chief, from the date on which he may be relieved from his present duties, under the Orders of His Excellency the Governor of Scinde.

The following Notification in the Foreign Department, is published in General Orders:

GENERAL POST OFFICE, MAY 1847.

The Post Master General having been informed by the Court of Directors of the East India Company, that on and after the 1st June next, persons in this Country may forward private correspondence by the Government Express from Bombay to Calcutta and Madras, all persons desirous of availing themselves of this privilege, will be required to mark upon the covers of their letters the words "By Express from Bombay," and in addition to this special address, it will be necessary, that all letters intended to be forwarded by the way of Southampton, should be so endorsed as hitherto; the postage to be charged in India in the delivery of letters sent by this Express will be in addition to the ordinary Inland rates.

One Rupee for every letter not exceeding half a tola in weight.

Two Rupees for every letter above half a tola, but not exceeding one tola in weight.

Four Rupees for every letter above one tola, but not exceeding two tolas in weight, two tolas being the maximum weight of letters to be conveyed by Express.

On Newspapers, each Newspaper Office in Calcutta and Madras, will be allowed to receive two Newspapers at the ordinary rates of Inland postage, on all other Newspapers forwarded by Express a postage of five Rupees each will be charged, and no Newspaper will be received for the Express exceeding three tolas in weight.

N. B. One tola and a quarter is nearly equivalent to half an ounce avoirdupoise.

No. 966 of 1847.

General Department.

To W. TAYLER, Esquire,

Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas*; and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 *tolas*, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.,

No. 4130.
STEAM TO DACCA AND GOWAHUTTEE IN
ASSAM.

GOVERNMENT having decided on opening a Steam Communication with Gowahuttee in Assam via Dacca and Serajgunge, notice is hereby given, that the first boats for this line, a Steamer and a Flat, will be despatched on the 13th Proximo; and the communication be continued Monthly for THREE YEARS.

The following Regulations and Rates of Charge for accommodation of Passengers, and conveyance of Goods on the Government Boats employed in the above Navigation, are published for general information:

Of Passage.

All applications for Passage on the Government Boats proceeding to Dacca and Assam, must be made at the Boat Office in Calcutta, and all applications for Cabins on the Boats returning from Assam, must be made to the Steam Boat Agent at the nearest place to that of embarkation.

The distance between Calcutta and Gowahuttee is assumed to be 600 miles, and the distance from Calcutta to the different Stations as follows:

Burrisaul.....	200 Miles.
Dacca,	300 "
Seraj Gunge,	400 "
Dewan Gunge,	450 "
Bugwah,	500 "
Gowalpara,	550 "
Gowahuttee,	600 "

An Accommodation or a Cargo Boat will be employed in this line, as far as Dacca, the Steamer only going on to Gowahuttee until the demand for freight to and from places above Dacca is more than a Steamer can supply. In the first there are 3 classes of Cabins, but there will be no distinction in the charge, and the preference in the selection will be given to those who engage for the longest distances or otherwise, according to priority of application.

To Burrisaul or Dacca the charge will be Seventy-five Rupees, to Gowahuttee One Hundred and Fifty Rupees, or at the rate of Twenty-five Rupees for every 100 miles, of the estimated distance according to which the passage for intermediate distances will be rated.

One Servant is allowed to each Cabin occupied by one person, but if a Cabin be occupied by more than one person, an additional charge will be made of Nine Rupees, which will entitle the Cabin to a second Servant. All other extra Servants will be considered as Deck Passengers, the charge for which will be half an Anna per mile, or Eighteen Rupees Twelve Annas from Calcutta to Gowahuttee; Deck Passengers will pay Eighteen Rupees to Gowahuttee, or half an Anna a mile for any shorter distance.

The charge for passage on return voyages will be the same as above.

Passengers are allowed to carry such Baggage and Cabin Furniture within their Cabins as is necessary for the voyage; and this may include a Piano if required for use during the voyage and not in a packing case: but Pianos in packing cases and all other packages, as cases of Millinery, Saddlery, Glass and Earthen-ware, Beer and Wines, and other Stores, will be stowed in another part of the vessel; and to the extent of half a ton, or 25 cubic feet, be charged for at half the established rate of Freight; all in excess of half a ton will be charged at the full rate of Freight.

Deck Passengers are allowed one Roll of Bedding 2 feet wide, and a box of six cubic feet solid contents.

A Table is provided by the Commander at Four Rupees per Diem for each person, exclusive of Wines and Beer, which if provided by the Commander, are charged at regulated prices, of which a list is exhibited in the Dining Room, and all Refreshments required between the regular meals of Breakfast at $\frac{1}{4}$ past 8, Biscuit, &c. at noon, Dinner at 3 P. M., and Tea and Coffee in the evening. Persons who provide their own Wines, will pay 3 annas for each cork drawn.

Children who do not come to the Table are provided at One Rupee per day, the same charge is made for Christian Servants.

Mussulman Servants may feed with the Crew, paying a rate of Two Annas per day. Hindoos must provide their own food.

The Passage Money, and a deposit of Four Rupees per day for the estimated term of the voyage, must be paid on engaging a passage, and any surplus of Table Money will be returned, or an additional charge be made by the Commander, as the voyage may fall short of or exceed the time for which the deposit was calculated. Half the Passage Money, and half the Table Money become forfeit by persons who relinquish a passage after having engaged it.

The despatch of Boats will be duly advertized, and if any change in the Boats occurs, Accommodation or Freight engaged for the one advertized, will be assigned on the one substituted.

Of Freight.

All Goods intended for shipment on the Government Boats must be sent to the Boat Office, in Church Lane, Calcutta, between the hours of Ten and Four, Sundays, Christmas Days, and Good Fridays excepted.

Goods will not be received for shipment unless they be addressed to a resident at the place at which they are to be delivered from the Boats. The direction must be marked on something not liable to be destroyed by vermin, and from which it may not easily be obliterated. A direction written on a card or marked with ink on a tin box, would be liable to the above objection.

The Boat Office will not be responsible for any damage or loss that may be occasioned by accident to the vessel or other cause whatever, not traceable to negligence or mismanagement of those belonging to the vessel.

All Goods sent to the Boat Office must be accompanied by a note, with suitable direction for the guidance of the Officers of the Department.

Goods not applied for on board the Boat by the Consignee, will be carried on and charged with additional freight, unless addressed to the Steam Agent, in which case they will be delivered to him. It must be understood, however, that although all persons are at liberty to consign their goods to the Steam Agent of the stations at which they are to be landed, the Government is not responsible for such Steam Agent, or for the safety of the goods after the delivery of the same to the Consignee or to his order, whether such Consignee be the Steam Agent or any other person. Goods intended for the final station, if not applied for within 24 hours after the Boat's arrival there, will be delivered to the Steam Agent at the risk of the shipper.

Freight on all Packages, excepting Treasure laden in Calcutta, or for which tonnage is reserved in Calcutta, and which do not exceed in weight 35lbs. per cubic foot, will be charged by the cubic foot.

Packages exceeding thirty-five pounds, or 17½ seers per cubic foot, will be charged by the weight.

From Calcutta,

	Per Foot.	Per Seer.*
To Burrisaul.....	8 Ans.	6 Pie.
„ Dacca,		
„ Seraj Gunge,		
„ Dewangunge,	12 Ans.	9 Pie.
„ Bugwah,		
„ Gawalpara,	1 R.	12 Pie.
„ Gowahuttee,.....		

For intermediate distances upwards for Goods not shipped in Calcutta, 3 annas per foot, and 2 pie per seer or 1 pie per pound, will be charged for every 100 miles.

No. 1682.

Foreign Department, Simla, the 24th July, 1847.

NOTIFICATION.—The following replies to a communication from the Agent to the Governor General in Bundelcund to the Native Chiefs within his jurisdiction, recommending the abolition of Suttee in their Territories, are published for general information.

Khureeta from Nawab Zoolficar Alee, Behadoor, dated 18th June 1847, in reply to Agent's Khureeta of the 21st May 1847.

States that the abolition of Suttee is most desirable, and that the request of the Government will be executed by him with the greatest pleasure.

Khureeta from the Nawab of Baonie, dated 21st June 1847, in reply to Agent's Khureeta of the 21st May 1847.

States that on receiving the Agent's Khureeta with Extract from Government Gazette of the 4th May 1847, connected with the abolition of Suttee, he had great pleasure in issuing orders for its prevention throughout his Estate.

Khureeta from the Raja of Churcarie, dated 19th June 1847, in reply to Agent's Khureeta of the 21st May 1847.

States that for a long time it has been his wish that Suttee should be abolished, but some of his people, from bigotry, would not acquiesce in his opinion; however, now that the Government have communicated their desire for its suppression, he will make arrangements for the prevention of it and "Brahmines."

Letter from the Raja of Surreela, dated 23d Jeth 1904 Sumbat, to the Agent Governor General, in reply to his letter of the 21st May 1847.

According to your instructions, the abolition of Suttee has been ordered throughout my Estate. No Widow shall be permitted to burn herself. Should a Widow come from any other part to burn herself on my Estate, I will do all in my power to prevent her; and if this will not do, I will have her seized and sent to you.

Khureeta from Maha Rajah Benaick Rao to the Agent, dated 27th Jumad osanee 1263.

Your letter of the 21st of May, on the subject of the abolition of Suttee has reached me with a copy of the Government Gazette of the 4th May. The contents have given me great satisfaction. May God always preserve the British Government's reign over the people.

NOTE.—This is no doubt intended to be vague and to convey no distinct promise, but it is of little importance, as His Highness reigns only in his Cantonments.

Letter from the Raja of Jhansie, dated 23th May 1847, in reply to one from the Agent Governor General, dated 21st May.

States that the Agent's letter has been duly received, and that although the custom of performing Suttee has been in existence for many generations, still as it is the desire of the Supreme Government that it should be abolished, a proclamation has been issued throughout the Territories prohibiting all classes from performing the rite.

Hindee Letter from the Jageerdar of Alampur, dated 22d June 1847, in reply to Agent's Perwana of the 21st May 1847.

General Orders by the Hon'ble the President of the Council of India in Council.

No. 235 of 1847.—An instance having recently occurred of delay in the adjustment of the claim for return hire of certain Jemadars, Syces, Chowdrees and Grass Cutters, who accompanied a batch of Horses from one of the Studs to the Remount Depot at Kurnaul, in consequence of the usual rates of return hire for these classes of Servants, as paid heretofore by the Commissariat Department, not being generally known, the Hon'ble the President in Council is pleased, with the concurrence of the Right Hon'ble the Governor General, to direct, with advertence to G. O. G. G. of the 7th October 1846, that return hire from the stations at which the men may be discharged to the place of entertainment, shall, in all cases, be granted at half the rates of pay allowed while in progress, reckoning 8 coss, or 16 miles, as the distance to be travelled each day on returning.

2. His Honor in Council is also pleased to extend the provisions of the General Order above referred to, which is at present understood to apply only to Horses transferred from the Studs to the Remount Depot, to all cases wherein Horses may be transferred from one Station, or from one Regiment to another; and to announce that it will henceforth be the general rule for the adjustment of claims connected with the charge of Horses in transit, all former Orders, except so much of the G. O. of 13th August 1801 as is specially retained, being superseded by the arrangements last promulgated.

For the guidance of Officers in charge of Horses under transfer, as above specified, it is hereby notified, that the employment of Jemadar Syces and Chowdree Grass Cutters, is restricted as follows.

For any number of Horses under fifty, none.
For 50 Horses or upwards not exceeding seventy-five, one Jemadar Syce and one Chowdree Grass Cutter.
For any number exceeding seventy-five, two Jemadars, and two Chowdrees, beyond which number none will be allowed, whatever the number of Horses in transit.

General Department.

To W. TAYLER, Esquire,

Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas*; and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by

the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail.) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 tolas, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.

STEAM TO DACCA AND GOWAHUTTEE IN ASSAM.

GOVERNMENT having decided on opening a Steam Communication with Gowahuttee in Assam via Dacca and Serajgunge, notice is hereby given, that the first boats for this line, a Steamer and a Flat, will be despatched on the 13th Proximo; and the communication be continued Monthly for THREE YEARS.

The following Regulations and Rates of Charge for accommodation of Passengers, and conveyance of Goods on the Government Boats employed in the above Navigation, are published for general information:

Of Passage.

All applications for Passage on the Government Boats proceeding to Dacca and Assam, must be made at the Boat Office in Calcutta, and all applications for Cabins on the Boats returning from Assam, must be made to the Steam Boat Agent at the nearest place to that of embarkation.

The distance between Calcutta and Gowahuttee is assumed to be 600 miles, and the distance from Calcutta to the different Stations as follows:

Burrisaul,.....	200 Miles.
Dacca,	300 "
Seraj Gunge,.....	400 "
Dewan Gunge,.....	450 "
Bugwah,.....	500 "
Gowalpara,.....	550 "
Gowahuttee,.....	600 "

An Accommodation or a Cargo Boat will be employed in this line, as far as Dacca, the Steamer only going on to Gowahuttee until the demand for freight to and from places above Dacca is more than a Steamer can supply. In the first there are 3 classes of Cabins, but there will be no distinction in the charge, and the preference in the selection will be given to those who engage for the longest distances or otherwise, according to priority of application.

To Burrisaul or Dacca the charge will be Seventy-five Rupees, to Gowahuttee One Hundred and Fifty Rupees, or at the rate of Twenty-five Rupees for every 100 miles, of the estimated distance according to which the passage for intermediate distances will be rated.

One Servant is allowed to each Cabin occupied by one person, but if a Cabin be occupied by more than one person, an additional charge will be made of Nine Rupees, which will entitle the Cabin to a second Servant. All other extra Servants will be considered as Deck Passengers, the charge for which will be half an Anna per mile, or Eighteen Rupees Twelve Annas from Calcutta to Gowahuttee; Deck Passengers will pay Eighteen Rupees to Gowahuttee, or half an Anna a mile for any shorter distance.

The charge for passage on return voyages will be the same as above.

Passengers are allowed to carry such Baggage and Cabin Furniture within their Cabins as is necessary for the voyage; and this may include a Piano if required for use during the voyage and not in a packing case: but Pianos in packing cases and all other packages, as cases of Millinery, Saddlery, Glass and Earthen-ware, Beer and Wines, and other Stores, will be stowed in another part of the vessel; and to the extent of half a ton, or 25 cubic feet, be charged for at half the established rate of Freight; all in excess of half a ton will be charged at the full rate of Freight.

Deck Passengers are allowed one Roll of Bedding 2 feet wide, and a box of six cubic feet solid contents.

A Table is provided by the Commander at Four Rupees per Diem for each person, exclusive of Wines and Beer, which if provided by the Commander, are charged at regulated prices, of which a list is exhibited in the Dining Room, and all Refreshments required between the regular meals of Breakfast at $\frac{1}{4}$ past 8, Biscuit, &c. at noon, Dinner at 3 p. m., and Tea and Coffee in the evening. Mussulman Servants may feed with the Crew, paying a rate of Two Annas per day. Hindoos must provide their own food.

The Passage Money, and a deposit of Four Rupees per day for the estimated term of the voyage, must be paid on engaging a passage, and any surplus of Table Money will be returned, or an additional charge be made by the Commander, as the voyage may fall short of or exceed the time for which the deposit was calculated. Half the Passage Money, and half the Table Money become forfeit by persons who relinquish a passage after having engaged it.

The despatch of Boats will be duly advertized, and if any change in the Boats occurs, Accommodation or Freight engaged for the one advertized, will be assigned on the one substituted.

Of Freight.

All Goods intended for shipment on the Government Boats must be sent to the Boat Office, in Church Lane, Calcutta, between the hours of Ten and Four, Sundays, Christmas Days, and Good Fridays excepted.

Goods will not be received for shipment unless they be addressed to a resident at the place at which they are to be delivered from the Boats. The direction must be marked on something not liable to be destroyed by vermin, and from which it may not easily be obliterated. A direction written on a card or marked with ink on a tin box, would be liable to the above objection.

The Boat Office will not be responsible for any damage or loss that may be occasioned by accident to the vessel or other cause whatever, not traceable to negligence or mismanagement of those belonging to the vessel.

All Goods sent to the Boat Office must be accompanied by a note, with suitable direction for the guidance of the Officers of the Department.

Goods not applied for on board the Boat by the Consignee, will be carried on and charged with additional freight, unless addressed to the Steam Agent, in which case they will be delivered to him. It must be understood, however, that although all persons are at liberty to consign their goods to the Steam Agent of the stations at which they are to be landed, the Government is not responsible for such Steam Agent, or for the safety of the goods after the delivery of the same to the Consignee or to his order, whether such Consignee be the Steam Agent or any other person. Goods intended for the final station, if not applied for within 24 hours after the Boat's arrival there, will be delivered to the Steam Agent at the risk of the shipper.

Freight on all Packages, excepting Treasure laden in Calcutta, or for which tonnage is reserved in Calcutta, and which do not exceed in weight 35 lbs. per cubic foot, will be charged by the cubic foot.

Packages exceeding thirty-five pounds, or $17\frac{1}{2}$ seers per cubic foot, will be charged by the weight.

Applications for Freight on the Vessel downward must be made to the Steam Boat Agent at Gowahuttee or Seraj Gunge, or at the nearest Station, by letter, describing the Goods to be despatched, their weight and measurement.

The Steam Agent will in reply, name the Boat in which he assigns tonnage, and if from any cause, as damage to the Boat, deviation from her intended voyage on unexpected demand on account of Government, a circumstance likely seldom to occur, the tonnage should be rendered non-available, the party for whom such tonnage has been registered must bear the inconvenience, and he will have no claim for indemnification by assignment of Freight in another Vessel to the detriment of any other person who may have engaged tonnage subsequently to the disappointed party, whose right to tonnage will be limited to such as may be available in the Vessel previously named, but in that Vessel, the claim to such tonnage as may remain available will be acknowledged according to priority of application. Thus the entire tonnage of a Boat may have been assigned in rotation by the Steam Agent to A. B. and C., after which the Government unexpectedly make a demand for more or less, the remaining portion will go to satisfy the claim of A. then of B. &c. The latter applications being thrown out partially or wholly, as the case may be.

Consignees holding the Bill of Lading of such Treasure may require its delivery, giving a full acquittance for the Treasure, and receiving such difference of Freight as may have been paid in excess of what would have been charged for conveyance of such Treasure to the place of its delivery.

The Steam Agents at the different Stations make no charge for landing Goods from the Boats into their Godowns; nor for shipping Goods delivered into their Godowns, provided such Goods are not merchandise, intended for traffick, nor animals nor machines for conveyance; for all such they will charge the following rates:

No. 966 of 1847.

General Department.

To W. TAYLER, Esquire,

Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas*; and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 *tolas*, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 *tolas*. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.

STEAM TO DACCA AND GOWAHATTEE IN ASSAM.

GOVERNMENT having decided on opening a Steam Communication with Gowahuttee in Assam *via* Dacca and Serajgunge, notice is hereby given, that the first boats for this line, a Steamer and a Flat, will be despatched on the 13th Proximo; and the communication be continued Monthly for THREE YEARS.

The following Regulations and Rates of Charge for accommodation of Passengers, and conveyance of Goods on the Government Boats employed in the above Navigation, are published for general information:

Of Passage.

All applications for Passage on the Government Boats proceeding to Dacca and Assam, must be made at the Boat Office in Calcutta, and all applications for Cabins on the Boats returning from Assam, must be made to the Steam Boat Agent at the nearest place to that of embarkation.

The distance between Calcutta and Gowahuttee is assumed to be 600 miles, and the distance from Calcutta to the different Stations as follows:

Burrisaul,	200 Miles.
Dacca,	300 "
Seraj Gunge,	400 "
Dewan Gungo,	450 "
Bugwah,	500 "
Gowalpara,	550 "
Gowahuttee,	600 "

An Accommodation or a Cargo Boat will be employed in this line, as far as Dacca, the Steamer only going on to Gowahuttee until the demand for freight to and from places above Dacca is more than a Steamer can supply. In the first there are 3 classes of Cabins, but there will be no distinction in the charge, and the preference in the selection will be given to those who engage for the longest distances or otherwise, according to priority of application.

To Burrisaul or Dacca the charge will be Seventy-five Rupees, to Gowahuttee One Hundred and Fifty Rupees, or at the rate of Twenty-five Rupees for every 100 miles, of the estimated distance according to which the passage for intermediate distances will be rated.

One Servant is allowed to each Cabin occupied by one person, but if a Cabin be occupied by more than one person, an additional charge will be made of Nine Rupees, which will entitle the Cabin to a second Servant. All other extra Servants will be considered as Deck Passengers, the charge for which will be half an Anna per mile, or Eighteen Rupees Twelve Annas from Calcutta to Gowahuttee; Deck Passengers will pay Eighteen Rupees to Gowahuttee, or half an Anna a mile for any shorter distance.

The charge for passage on return voyages will be the same as above.

Passengers are allowed to carry such Baggage and Cabin Furniture within their Cabins as is necessary for the voyage; and this may include a Piano if required for use during the voyage and not in a packing case: but Pianos in packing cases and all other packages, as cases of Millinery, Saddlery, Glass and Earthen-ware, Beer and Wines, and other Stores, will be stowed in another part of the vessel; and to the extent of half a ton, or 25 cubic feet, be charged for at half the established rate of Freight; all in excess of half a ton will be charged at the full rate of Freight.

Deck Passengers are allowed one Roll of Bedding 2 feet wide, and a box of six cubic feet solid contents.

A Table is provided by the Commander at Four Rupees per Diem for each person, exclusive of Wines and Beer, which if provided by the Commander, are charged at regulated prices, of which a list is exhibited in the Dining Room, and all Refreshments required between the regular meals of Breakfast at $\frac{1}{4}$ past 8, Biscuit, &c. at noon, Dinner at 3 p. m., and Tea and Coffee in the evening. Persons who provide their own Wines, will pay 3 annas for each cork drawn.

Children who do not come to the Table are provided at One Rupee per day, the same charge is made for Christian Servants.

Mussulman Servants may feed with the Crew, paying a rate of Two Annas per day. Hindoos must provide their own food.

The Passage Money, and a deposit of Four Rupees per day for the estimated term of the voyage, must be paid on engaging a passage, and any surplus of Table Money will be returned, or an additional charge be made by the Commander, as the voyage may fall short of or exceed the time for which the deposit was calculated. Half the Passage Money, and half the Table Money become forfeit by persons who relinquish a passage after having engaged it.

The despatch of Boats will be duly advertized, and if any change in the Boats occurs, Accommodation or Freight engaged for the one advertized, will be assigned on the one substituted.

Of Freight.

All Goods intended for shipment on the Government Boats must be sent to the Boat Office, in Church Lane, Calcutta, between the hours of Ten and Four, Sundays, Christmas Days, and Good Fridays excepted.

Goods will not be received for shipment unless they be addressed to a resident at the place at which they are to be delivered from the Boats. The direction must be marked on something not liable to be destroyed by vermin, and from which it may not easily be obliterated. A direction written on a card or marked with ink on a tin box, would be liable to the above objection.

The Boat Office will not be responsible for any damage or loss that may be occasioned by accident to the vessel or other cause whatever, not traceable to negligence or mismanagement of those belonging to the vessel.

All Goods sent to the Boat Office must be accompanied by a note, with suitable direction for the guidance of the Officers of the Department.

Goods not applied for on board the Boat by the Consignee, will be carried on and charged with additional freight, unless addressed to the Steam Agent, in which case they will be delivered to him. It must be understood, however, that although all persons are at liberty to consign their goods to the Steam Agent of the stations at which they are to be landed, the Government is not responsible for such Steam Agent, or for the safety of the goods after the delivery of the same to the Consignee or to his order, whether such Consignee be the Steam Agent or any other person. Goods intended for the final station, if not applied for within 24 hours after the Boat's arrival there, will be delivered to the Steam Agent at the risk of the shipper.

Freight on all Packages, excepting Treasure laden in Calcutta, or for which tonnage is reserved in Calcutta, and which do not exceed in weight 35 lbs. per cubic foot, will be charged by the cubic foot.

Packages exceeding thirty-five pounds, or $17\frac{1}{2}$ seers per cubic foot, will be charged by the weight.

Applications for Freight on the Vessel downward must be made to the Steam Boat Agent at Gowahuttee or Seraj Gunge, or at the nearest Station, by letter, describing the Goods to be despatched, their weight and measurement.

The Steam Agent will in reply, name the Boat in which he assigns tonnage, and if from any cause, as damage to the Boat, deviation from her intended voyage on unexpected demand on account of Government, a circumstance likely seldom to occur, the tonnage should be rendered non-available, the party for whom such tonnage has been registered must bear the inconvenience, and he will have no claim for indemnification by assignment of Freight in another Vessel to the detriment of any other person who may have engaged tonnage subsequently to the disappointed party, whose right to tonnage will be limited to such as may be available in the Vessel previously named, but in that Vessel, the claim to such tonnage as may remain available will be acknowledged according to priority of application. Thus the entire tonnage of a Boat may have been assigned in rotation by the Steam Agent to A. B. and C., after which the Government unexpectedly make a demand for more or less, the remaining portion will go to satisfy the claim of A. then of B. &c. The latter applications being thrown out partially or wholly, as the case may be.

The Agent will be instructed to acknowledge the applications made to him for tonnage in the following terms:—"Sir, in reply to your letter of the I beg to say tonnage for chests of Indigo and maunds of Sugar is assigned to you on the Registered No. of application."

The Agent is instructed to keep a correct Register of daily assignments, and to transmit a copy daily to the Controller of Steam Vessels.

Should Freight not be ready for shipment on the arrival of the Boat at the several stations, the Commander of the Steamer will have peremptory orders to proceed to the next Station.

Treasure laden on a Boat whose progress is arrested, will be retained on board until the Boat is enabled to proceed to her destination, unless the

Consignees holding the Bill of Lading of such Treasure may require its delivery, giving a full acquittance for the Treasure, and receiving such difference of Freight as may have been paid in excess of what would have been charged for conveyance of such Treasure to the place of its delivery.

The Steam Agents at the different Stations make no charge for landing Goods from the Boats into their Godowns; nor for shipping Goods delivered into their Godowns, provided such Goods are not merchandise, intended for traffick, nor animals nor machines for conveyance; for all such they will charge the following rates:

2. Applications for admission to the benefits of the Fund were submitted from the following :

Mrs. Jane Latham Currie, Widow, and four Children of the late Alfred Peter Currie, who died at Mirzapore, on the 3rd February 1847,—admitted.

Miss Stone, Daughter of Henry Stone, deceased 7th September 1845.

Mr. Stone was a Subscriber to the Fund for 12 years, from 1804 to 1817, in February of which year he resigned the Service. He made up Sicca Rupees 5,000 in order to continue his interest in the Fund; which sum with interest amounted to more than the prescribed sum of Rupees 25,000 by the 1st January 1838. He has left surviving him five Children, four of whom, however, are provided for.

It appears that Mr. Stone once possessed real and other Estates, which he bequeathed by Will, dated in 1821, to his family,—he was twice married and had issue by both marriages,—he became a London Banker,—and dying left only personal property, which realized a net sum of £2,403-18-9.

MANAGERS' DECISION.—It is not necessary to enter into all the enquiries which would have been necessary if the present information did not already show that Miss Stone has no claim upon the Fund. She has by a bequest from her grandfather a sum of £912-0-6, yielding £36-9-7 a year, which, with the income from the residue of her father's Estate £96-3-2, will make £132-12-9 a year, being more than the Fund Allowance.

The principle of calculation according to the practice of the Fund being to take the whole Estate and deduct the income from the Allowances of the entire family left by deceased, thus:

Allowances to 4 Children of deceased Subscriber (now otherwise provided for, ...	Nil.	
Ditto to Miss Harriet Stone,	£100 0 0	
	£100 0 0	
LESS,—Private Income from residue Estate of deceased Subscriber £2,403,	£96 3 2	
And from Individual Legacy left Harriet Stone by a Non-Subscriber £912,.....	36 9 7	
	132 12 9	
	Excess £32 12 9

General Department.

To W. TAYLER, Esquire,

Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the *limited weight of two tolas*; and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 tolas, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until

I receive orders to the contrary from Government or the Home Authorities.

I have, &c.

Revised Rates of British Packet Postage, leviable on Newspapers, Prices Current and Commercial Lists, conveyed by the Peninsular and Oriental Company's Steamers from and to Indian Ports.

WITH reference to the Notification issued by this Office, under date the 17th April last, further notice is hereby given for general information, that under the instructions of Government, every Newspaper, Price Current, or Commercial List, which may be posted for conveyance by the Peninsular and Oriental Company's Contract Steamers, from any one Indian Port to another, shall henceforth be charged with British Packet Postage, at the rate of Nine Pie, or Three Pice, (Three Quarters of an Anna,) instead of Eight Pie, as formerly fixed. Calcutta, Genl. Post Office, the 4th Sept. 1846.

Pre-Payment of Indian (Inland and Ship) Postage on Covers forwarded to Hong Kong.

NOTICE is hereby given, that in conformity to the instructions of Her Majesty's Post Master General, no Letter or Newspaper will, in future, be received at this Office for transmission to Hong Kong, unless the entire amount of Indian (Inland and Ship) Postage due for the conveyance of the same to its ulterior destination, shall be previously paid by the Sender at the time of posting at the Despatching Office.

It is to be distinctly understood that this rule does not apply to the description of covers forwarded by the Peninsular and Oriental Company's Contract Steamers, as on them, the prescribed British Packet rate of Postage is charged.

Calcutta, Genl. Post Office, the 4th Sept. 1846.

NOTICE is hereby given, that pursuant to the instructions of Her Majesty's Post Master General, all Letters posted or received at this Office, for transmission to Europe by the Overland Mails, (whether direct or via Bombay,) if not otherwise specially superscribed, will be sent by way of Marseilles.

STEAM TO DACCA AND GOWAHUTTEE IN ASSAM.

GOVERNMENT having decided on opening a Steam Communication with Gowahuttee in Assam via Dacca and Serajgunge, notice is hereby given, that the first boats for this line, a Steamer and a Flat, will be despatched on the 13th Proximo; and the communication be continued Monthly for THREE YEARS.

The following Regulations and Rates of Charge for accommodation of Passengers, and conveyance of Goods on the Government Boats employed in the above Navigation, are published for general information:

Of Passage.

All applications for Passage on the Government Boats proceeding to Dacca and Assam, must be made at the Boat Office in Calcutta, and all applications for Cabins on the Boats returning from Assam, must be made to the Steam Boat Agent at the nearest place to that of embarkation.

The distance between Calcutta and Gowahuttee is assumed to be 600 miles, and the distance from Calcutta to the different Stations as follows:

Burrisaul,.....	200 Miles.
Dacca,	300 "
Seraj Gunge,	400 "
Dewan Gunge,	450 "
Bugwah,.....	500 "
Gowalpara,.....	550 "
Gowahuttee,.....	600 "

An Accommodation or a Cargo Boat will be employed in this line, as far as Dacca, the Steamer only going on to Gowahuttee until the demand for freight to and from places above Dacca is more than a Steamer can supply. In the first there are 3 classes of Cabins, but there will be no distinction in the charge, and the preference in the selection will be given to those who engage for the longest distances or otherwise, according to priority of application.

To Burrisaul or Dacca the charge will be Seventy-five Rupees, to Gowahuttee One Hundred and Fifty Rupees, or at the rate of Twenty-five Rupees for every 100 miles, of the estimated distance according to which the passage for intermediate distances will be rated.

One Servant is allowed to each Cabin occupied by one person, but if a Cabin be occupied by more than one person, an additional charge will be made of Nine Rupees, which will entitle the Cabin to a second Servant. All other extra Servants will be considered as Deck Passengers, the charge for which will be half an Anna per mile, or Eighteen Rupees Twelve Annas from Calcutta to Gowahuttee; Deck Passengers will pay Eighteen Rupees to Gowahuttee, or half an Anna a mile for any shorter distance.

The charge for passage on return voyages will be the same as above.

Passengers are allowed to carry such Baggage and Cabin Furniture within their Cabins as is necessary for the voyage; and this may include a Piano if required for use during the voyage and not in a packing case: but Pianos in packing cases and all other packages, as cases of Millinery, Saddlery, Glass and Earthen-ware, Beer and Wines, and other Stores, will be stowed in another part of the vessel; and to the extent of half a ton, or 25 cubic feet, be charged for at half the established rate of Freight; all in excess of half a ton will be charged at the full rate of Freight.

Deck Passengers are allowed one Roll of Bedding 2 feet wide, and a box of six cubic feet solid contents.

A Table is provided by the Commander at Four Rupees per Diem for each person, exclusive of Wines and Beer, which if provided by the Commander, are charged at regulated prices, of which a list is exhibited in the Dining Room, and all Refreshments required between the regular meals of Breakfast at $\frac{1}{2}$ past 8, Biscuit, &c. at noon, Dinner at 3 P. M., and Tea and Coffee in the evening. Persons who provide their own Wines, will pay 3 annas for each cork drawn.

Children who do not come to the Table are provided at One Rupee per day, the same charge is made for Christian Servants.

Mussulman Servants may feed with the Crew, paying a rate of Two Annas per day. Hindoos must provide their own food.

The Passage Money, and a deposit of Four Rupees per day for the estimated term of the voyage, must be paid on engaging a passage, and any surplus of Table Money will be returned, or an additional charge be made by the Commander, as the voyage may fall short of or exceed the time for which the deposit was calculated. Half the Passage Money, and half the Table Money become forfeit by persons who relinquish a passage after having engaged it.

The despatch of Boats will be duly advertized, and if any change in the Boats occurs, Accommodation or Freight engaged for the one advertized, will be assigned on the one substituted.

Of Freight.

All Goods intended for shipment on the Government Boats must be sent to the Boat Office, in Church Lane, Calcutta, between the hours of Ten and Four, Sundays, Christmas Days, and Good Fridays excepted.

Goods will not be received for shipment unless they be addressed to a resident at the place at which they are to be delivered from the Boats. The direction must be marked on something not liable to be destroyed by vermin, and from which it may not easily be obliterated. A direction written on a card or marked with ink on a tin box, would be liable to the above objection.

The Boat Office will not be responsible for any damage or loss that may be occasioned by accident to the vessel or other cause whatever, not traceable to negligence or mismanagement of those belonging to the vessel.

All Goods sent to the Boat Office must be accompanied by a note, with suitable direction for the guidance of the Officers of the Department.

Goods not applied for on board the Boat by the Consignee, will be carried on and charged with additional freight, unless addressed to the Steam Agent, in which case they will be delivered to him. It must be understood, however, that although all persons are at liberty to consign their goods to the Steam Agent of the stations at which they are to be landed, the Government is not responsible for such Steam Agent, or for the safety of the goods after the delivery of the same to the Consignee or to his order, whether such Consignee be the Steam Agent or any other person. Goods intended for the final station, if not applied for within 24 hours after the Boat's arrival there, will be delivered to the Steam Agent at the risk of the shipper.

Freight on all Packages, excepting Treasure laden in Calcutta, or for which tonnage is reserved in Calcutta, and which do not exceed in weight 35lbs. per cubic foot, will be charged by the cubic foot.

Packages exceeding thirty-five pounds, or $17\frac{1}{2}$ seers per cubic foot, will be charged by the weight.

Applications for Freight on the Vessel downward must be made to the Steam Boat Agent at Gowahuttee or Seraj Gunge, or at the nearest Station, by letter, describing the Goods to be despatched, their weight and measurement.

The Steam Agent will in reply, name the Boat in which he assigns tonnage, and if from any cause, as damage to the Boat, deviation from her intended voyage on unexpected demand on account of Government, a circumstance likely seldom to occur, the tonnage should be rendered non-available, the party for whom such tonnage has been registered must bear the inconvenience, and he will have no claim for indemnification by assignment of Freight in another Vessel to the detriment of any other person who may have engaged tonnage subsequently to the disappointed party, whose right to tonnage will be limited to such as may be available in the Vessel previously named, but in that Vessel, the claim to such tonnage as may remain available will be acknowledged according to priority of application. Thus the entire tonnage of a Boat may have been assigned in rotation by the Steam Agent to A. Treasure laden on a Boat whose progress is arrested, will be retained on board until the Boat is enabled to proceed to her destination, unless the Consignees holding the Bill of Lading of such Treasure may require its delivery, giving a full

acquittance for the Treasure, and receiving such difference of Freight as may have been paid in excess of what would have been charged for conveyance of such Treasure to the place of its delivery.

The Steam Agents at the different Stations make no charge for landing Goods from the Boats into their Godowns; nor for shipping Goods delivered into their Godowns, provided such Goods are not merchandise, intended for traffick, nor animals nor machines for conveyance; for all such they will charge the following rates:

No. 1770.

Foreign Department, Simla, the 4th August, 1847.

Notification.—In continuation of No 1652, dated the 24th July, the following replies from the Rajahs of Oorcha and Sumpter, intimating the abolition of Suttee in their Territories, are published for general information:

Khureeta from the Orcha Raja, dated 12th July 1847, in reply to my letter of the 21st May 1847, states that it is the earnest wish of the Supreme Government to protect the people of India from suffering, and with this view it has put a stop to many evil practices which had for ages prevailed over the country, and when powerful rulers are actuated by such benevolent designs, those under their sway are commonly found anxious to co-operate in promoting them.

The practice of Suttee by which innocent persons are burnt alive, is no doubt to all appearances very atrocious and cruel, and its prohibition proper; and in consequence, and from a desire to meet the wishes of the British Government in this as in all other things, I have issued strict orders to Landholders of all descriptions and all public servants, to prevent this practice, and taken engagements from all binding themselves not in future to allow a Suttee to take place. No subject of this State will in future be suffered to become a Suttee, much less will the subject of any other State be allowed to become so within mine.

Should a Suttee take place those whose duty it was to have prevented it will be severely punished.

But a usage that has prevailed for so many ages cannot be utterly put a stop to at once, and cases may take place in spite of all precaution, but all possible precautions will be taken.

You say that Suttee had never been prohibited in my territory by my positive order—this is true, but when any female manifested a wish to become a Suttee every effort was made to dissuade her from it, and she was promised protection and support by her family and by Government; but the weakness of female understanding is well known, and all such arguments often failed, and when force was used to prevent their burning, they sometimes took poison, threw themselves into wells, or killed themselves with the first weapons they

could get hold of; invoking the punishment of such suicide upon the heads of those who had prevented their burning themselves as they wished. Hindoos have a great dread of such innovations from people dying under sufferings which they attribute to them, and this often deters them from using force in the prevention of Suttees, when they would wish to do so.

According to the Shasters it is no doubt very meritorious for a widow to die of grief for the death of her husband, but not one to lay violent hands on herself, or throw herself into the fire and get burnt alive.

(Signed) W. H. SLEEMAN,

Agent Governor General.

Khureeta from the Raja of Sumpter, dated the 1st July 1847, in reply to the Agent's letter of the 21st May:

States that the practice of Suttee is so very old, and has been countenanced and encouraged by the wise men of so many generations, that I have never thought myself justified in interposing to prevent it; but my anxiety to meet the wishes of the Right Hon'ble the Governor General in this as in all other things is so great, that I have waived all other considerations, and issued a proclamation to all Landholders and public Officers within my Estate to take care that no Suttee take place, and with their vigilance, and the blessing of God, I hope that Suttee will not again be heard of within my territory

General Orders by the Right Hon'ble the Governor General of India.

Simla, 31st July, 1847.—The Right Hon'ble the Governor General has been pleased to appoint 1st Lieutenant P. Christie, of Artillery, to be Deputy

Commissary of Ordnance at Lahore, vice Captain R. Smyth, appointed to the Revenue Survey Department.

His Excellency the Right Hon'ble the Commander in Chief has brought to the notice of the Right Honorable the Governor General, that Soondey Khan, Naib Ressaldar of the 9th Irregular Cavalry, while under suspension from rank and pay, by sentence of a General Court Martial, not only leagued himself with others similarly situated, in complaining to the Commander in Chief of not having had a fair and impartial trial, a complaint which, on the fullest enquiry, was found to be false and slanderous, but even proceeded to the still more criminal length of addressing a letter to Ressaldar Mirza Ameer Beg, of the 5th Irregular Cavalry, who also was at the time under suspension, calling for an open and general expression of the opinion of the Officers and Men of that Corps, on his, Soondey Khan's case; thereby endeavouring, as far as in him lay, to excite a spirit of insubordination and disaffection in that Regiment.

2. Fully concurring in the view of such misconduct taken by the Commander in Chief, and impressed with the necessity of showing to the Native Army, that so flagrant a violation of the Laws of Military Discipline cannot be perpetrated with impunity, the Governor General is pleased, in compliance with His Excellency's recommendation, to direct that Naib Ressaldar Soondey Khan be summarily dismissed the service, on the receipt of this order at Bareilly.

3. This Order to be read and carefully explained to every Native Regiment in the service.

GENERAL POST OFFICE, MAY 1847.

The Post Master General having been informed by the Court of Directors of the East India Company, that on and after the 1st June next, persons in this Country may forward private correspondence by the Government Express from Bombay to Calcutta and Madras, all persons desirous of availing themselves of this privilege, will be required to mark upon the covers of their letters the words "By Express from Bombay," and in addition to this special address, it will be necessary, that all letters intended to be forwarded by the way of Southampton, should be so endorsed as hitherto; the postage to be charged in India in the delivery of letters sent by this Express will be in addition to the ordinary Inland rates.

One Rupee for every letter not exceeding half a tola in weight.

Two Rupees for every letter above half a tola, but not exceeding one tola in weight.

Four Rupees for every letter above one tola, but not exceeding two tolas in weight, two tolas being the maximum weight of letters to be conveyed by Express.

On Newspapers, each Newspaper Office in Calcutta and Madras, will be allowed to receive two Newspapers at the ordinary rates of Inland postage, on all other Newspapers forwarded by Express a postage of five Rupees each will be charged, and no Newspaper will be received for the Express exceeding three tolas in weight.

N. B. One tola and a quarter is nearly equivalent to half an ounce avoirdupoise.

General Department.

To W. TAYLER, Esquire,

Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the limited weight of two tolas; and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters exceeding two tolas in weight, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 tolas, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, without reference to that limit, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.,

No. 4130.

STEAM TO DACCA AND GOWAHUTTEE IN ASSAM.

GOVERNMENT having decided on opening a Steam Communication with Gowahuttee in Assam via Dacca and Serajgunge, notice is hereby given, that the first boats for this line, a Steamer and a Flat, will be despatched on the 13th Proximo; and the communication be continued Monthly for THREE YEARS.

The following Regulations and Rates of Charge for accommodation of Passengers, and conveyance of Goods on the Government Boats employed in the above Navigation, are published for general information:

Of Passage.

All applications for Passage on the Government Boats proceeding to Dacca and Assam, must be made at the Boat Office in Calcutta, and all applications for Cabins on the Boats returning from Assam, must be made to the Steam Boat Agent at the nearest place to that of embarkation.

The distance between Calcutta and Gowahuttee is assumed to be 600 miles, and the distance from Calcutta to the different Stations as follows:

Burrisaul,.....	200 Miles.
Dacca,.....	300 "
Seraj Gunge,.....	400 "
Dewan Gunge,.....	450 "
Bugwah,.....	500 "
Gowalpara,.....	550 "
Gowahuttee,.....	600 "

An Accommodation or a Cargo Boat will be employed in this line, as far as Dacca, the Steamer only going on to Gowahuttee until the demand for freight to and from places above Dacca is more than a Steamer can supply. In the first there are 3 classes of Cabins, but there will be no distinction in the charge, and the preference in the selection will be given to those who engage for the longest distances or otherwise, according to priority of application.

To Burrisaul or Dacca the charge will be Seventy-five Rupees, to Gowahuttee One Hundred and Fifty Rupees, or at the rate of Twenty-five Rupees for every 100 miles, of the estimated distance according to which the passage for intermediate distances will be rated.

One Servant is allowed to each Cabin occupied by one person, but if a Cabin be occupied by more than one person, an additional charge will be made of Nine Rupees, which will entitle the Cabin to a second Servant. All other extra Servants will be considered as Deck Passengers, the charge for which will be half an Anna per mile, or Eighteen Rupees Twelve Annas from Calcutta to Gowahuttee; Deck Passengers will pay Eighteen Rupees to Gowahuttee, or half an Anna a mile for any shorter distance.

The charge for passage on return voyages will be the same as above.

Passengers are allowed to carry such Baggage and Cabin Furniture within their Cabins as is necessary for the voyage; and this may include a Piano if required for use during the voyage and not in a packing case: but Pianos in packing cases and all other packages, as cases of Millinery, Saddlery, Glass and Earthen-ware, Beer and Wines, and other Stores, will be stowed in another part of the vessel; and to the extent of half a ton, or 25 cubic feet, be charged for at half the established rate of Freight; all in excess of half a ton will be charged at the full rate of Freight.

Deck Passengers are allowed one Roll of Bedding 2 feet wide, and a box of six cubic feet solid contents.

A Table is provided by the Commander at Four Rupees per Diem for each person, exclusive of Wines and Beer, which if provided by the Commander, are charged at regulated prices, of which a list is exhibited in the Dining Room, and all Refreshments required between the regular meals of Breakfast at $\frac{1}{4}$ past 8, Biscuit, &c. at noon, Dinner at 3 p. m., and Tea and Coffee in the evening. Persons who provide their own Wines, will pay 3 annas for each cork drawn.

Children who do not come to the Table are provided at One Rupee per day, the same charge is made for Christian Servants.

Mussulman Servants may feed with the Crew, paying a rate of Two Annas per day. Hindoos must provide their own food.

The Passage Money, and a deposit of Four Rupees per day for the estimated term of the voyage, must be paid on engaging a passage, and any surplus of Table Money will be returned, or an additional charge be made by the Commander, as the voyage may fall short of or exceed the time for which the deposit was calculated. Half the Passage Money, and half the Table Money become forfeit by persons who relinquish a passage after having engaged it.

The despatch of Boats will be duly advertized, and if any change in the Boats occurs, Accommodation or Freight engaged for the one advertized, will be assigned on the one substituted.

Of Freight.

All Goods intended for shipment on the Government Boats must be sent to the Boat Office, in Church Lane, Calcutta, between the hours of Ten and Four, Sundays, Christmas Days, and Good Fridays excepted.

Goods will not be received for shipment unless they be addressed to a resident at the place at which they are to be delivered from the Boats. The direction must be marked on something not liable to be destroyed by vermin, and from which it may not easily be obliterated. A direction written on a card or marked with ink on a tin box, would be liable to the above objection.

The Boat Office will not be responsible for any damage or loss that may be occasioned by accident to the vessel or other cause whatever, not traceable to negligence or mismanagement of those belonging to the vessel.

All Goods sent to the Boat Office must be accompanied by a note, with suitable direction for the guidance of the Officers of the Department.

Goods not applied for on board the Boat by the Consignee, will be carried on and charged with additional freight, unless addressed to the Steam Agent, in which case they will be delivered to him. It must be understood, however, that although all persons are at liberty to consign their goods to the Steam Agent of the stations at which they are to be landed, the Government is not responsible for such Steam Agent, or for the safety of the goods after the delivery of the same to the Consignee or to his order, whether such Consignee be the Steam Agent or any other person. Goods intended for the final station, if not applied for within 24 hours after the Boat's arrival there, will be delivered to the Steam Agent at the risk of the shipper.

Freight on all Packages, excepting Treasures laden in Calcutta, or for which tonnage is reserved in Calcutta, and which do not exceed in weight 35 lbs. per cubic foot, will be charged by the cubic foot.

Packages exceeding thirty-five pounds, or $17\frac{1}{2}$ seers per cubic foot, will be charged by the weight.

From Calcutta,

	Per Foot.	Per Seer.*
To Burrisaul,.....	8 Ans.	6 Pie.
„ Dacca,		
„ Seraj Gunge,		
„ Dewangunge,	12 Ans.	9 Pie.
„ Bugwah,		
„ Gawalpara,	1 R.	12 Pie.
„ Gowahuttee,.....		

For intermediate distances upwards for Goods not shipped in Calcutta, 3 annas per foot, and 2 pie per seer or 1 pie per pound, will be charged for every 100 miles.

The charge for Freight downwards will be 6 annas per maund for all distances above Dacca; articles weighing less than 35 lbs. or $17\frac{1}{2}$ seers per cubic foot, to be charged by measurement at 4 annas per foot. From Dacca and places near Calcutta, 5 annas per maund, $2\frac{1}{2}$ annas per foot.

Dispatch of Boats, and probable dates of Arrival at different Places.

It is intended that the Boats shall leave Calcutta the 13th of every month, except when the 13th falls on a Sunday, when they will be dispatched on the 12th. The following is the estimated time the Boats will take, and the date on which they will probably arrive at the different Stations up and down, leaving Calcutta on the 13th to get back there, by the 9th the boats will reach—

	Up.	Down.
Burrisaul,.....	17th	5th
Dacca,	19th	3rd
Seraj Gunge,	21st	2nd
Dewangunge,	22nd	1st

Ditto Tonjon,.....	10	8	0

To any distance from Calcutta, but if carried intermediately at two pie per lb. from Station to Station, both upward and downward, calculating on the average weight.

Calculated at

Weight of a Carriage, Barouche, or Landaulet,	2500 lbs.
Britzka, Palankeen Carriage, or Phaeton,	2000 „
Buggy,	1000 „
Palankeen,	480 „

Freight on Cattle.

Horses,.....	48†	If carried intermediately at 12 Rs. each from Station to Station.
Bulls, Cows, &c., 48†		
Sheep or Dogs, } Goats,	8†	If ditto at Rs. 2 ditto.

* Goods will be charged by European or native weights, as they are entered in the Controller's or in the Steam Agent's Office; the charge per lb. will be half that per seer.

† Exclusive of the Groom or Keeper, who is to be considered a Deck Passenger, and charged as such according to the usual rate. The Shippers are to supply the food, and be at the expense of making the Stables.

If brought down to the Presidency are charged 2-3rd of the upward freight.

Freight on Treasure.

To Burrisaul or Dacca,..... $\frac{1}{4}$ per cent.
To any distance beyond, $\frac{1}{3}$ d ditto.

Intermediate ditto Two Pie per mile per thousand.

Freight on Copper Coins will be charged by the weight at 8 Pie per lb. from Calcutta—and down and intermediately, the same as on weighable Goods.

Treasure is deliverable to the Bill of Lading only, and parties neglecting to apply for Treasure will be subjected to additional Freight for the distance it may become necessary to carry it in consequence of their negligence.

Applications for Freight on the Vessel downward must be made to the Steam Boat Agent at Gowahuttee or Seraj Gunge, or at the nearest Station, by letter, describing the Goods to be despatched, their weight and measurement.

The Steam Agent will in reply, name the Boat in which he assigns tonnage, and if from any cause, as damage to the Boat, deviation from her intended voyage on unexpected demand on account of Government, a circumstance likely seldom to occur, the tonnage should be rendered non-available, the party for whom such tonnage has been registered must bear the inconvenience, and he will have no claim for indemnification by assignment of Freight in another Vessel to the detriment of any other person who may have engaged tonnage subsequently to the disappointed party, whose right to tonnage will be limited to such as may be available in the Vessel previously named, but in that Vessel, the claim to such tonnage as may remain available will be acknowledged according to priority of application. Thus the entire tonnage of a Boat may have been assigned in rotation by the Steam Agent to A. B. and C., after which the Government unexpectedly make a demand for more or less, the remaining portion will go to satisfy the claim of A. then of B. &c. The latter applications being thrown out partially or wholly, as the case may be.

The Agent will be instructed to acknowledge the applications made to him for tonnage in the following terms:—"Sir, in reply to your letter of the I beg to say tonnage for chests of Indigo and maunds of Sugar is assigned to you on the Registered No. of application."

The Agent is instructed to keep a correct Register of daily assignments, and to transmit a copy daily to the Controller of Steam Vessels.

The Boats will make the following stoppages, at different stations, during daylight:

At Burrisaul,	.	.	.	3	hours.
" Dacca,	.	.	.	4	ditto.
" Seraj Gunge,	.	.	.	4	ditto.
" Dewan Gunge,	.	.	.	3	ditto.
" Bugwah,	.	.	.	3	ditto.
" Gawalpara,	.	.	.	3	ditto.
" Gowahuttee,	.	.	.	48	ditto, clear.

Should Freight not be ready for shipment on the arrival of the Boat at the several stations, the Commander of the Steamer will have peremptory orders to proceed to the next Station.

Treasure laden on a Boat whose progress is arrested, will be retained on board until the Boat is enabled to proceed to her destination, unless the Consignees holding the Bill of Lading of such Treasure may require its delivery, giving a full

acquittance for the Treasure, and receiving such difference of Freight as may have been paid in excess of what would have been charged for conveyance of such Treasure to the place of its delivery.

The Steam Agents at the different Stations make no charge for landing Goods from the Boats into their Godowns; nor for shipping Goods delivered into their Godowns, provided such Goods are not merchandise, intended for traffick, nor animals nor machines for conveyance; for all such they will charge the following rates:

For embarking or landing a Horse, Cow or Bull, Rs. 2.

A Calf, Dog, Sheep, or Goat with or without Kid, Annas 2.

A Barouche, Phaeton, Palankeen Carriage, Britzka, Rs. 3.

A Buggy or Palankeen, Rupee 1.

A Box, Bale, Chest or Cask, large or small, Annas 2.

A bag of Sugar or Saltpetre ditto ditto Anna 1.

When Goods are consigned to Calcutta, it is optional with Shippers to pay the Freight or to leave the same to be collected on delivery of the Goods. Freight must be paid to the Agent or Commander of the Boat for all Goods shipped away from Calcutta, and not deliverable at Calcutta. And no Packages will be received into the Boat Office for transmission on which Freight is not paid at the time.

By Order of the Superintendent of Marine,

JAS. SUTHERLAND,

Secretary.

V. The following "rules for the examination of candidates for insertion in the list directed to be annually furnished to Government, by the notification of the Governor General, dated 10th October 1844," are republished for general information:

1. No one shall be allowed to become a candidate for insertion in the annual returns, who is less than 18 or more than 23 years of age; and who is not at the time a student either of government, or of a private institution recognized by the Council of Education. All competitors must likewise produce satisfactory proofs of good moral character.

2. Every candidate, whether he belong to a government college or a private institution, shall be required to undergo the usual annual examination for Senior English Scholarships, a Latin being substituted for a vernacular essay, at the option of each candidate.

3. There shall be two classes of merit: the first shall comprehend all who are in the last year of a senior scholarship, or who, though not actually in the last year, would be so, if there had been a vacant scholarship at the time when they first became eligible for one; or have been engaged for ten years in the study of English at a private insti-

tution, and who obtain at least three-fourths of the number of marks allowed in each subject. The second class shall include all other candidates, who obtain at least half of the number of marks allowed for complete answers in every subject contained in the Senior English Scholarship standard.

4. The place of each successful competitor in his class shall be determined by the relative merit of his examination.

5. Every candidate for insertion in the Council's list shall pay a registration fee of Co.'s Rs. 5, prior to being allowed to compete at the examination.

6. A student who shall fail to prove himself qualified for insertion in the Council's list, shall not be permitted to present himself for examination more than three times, pre-paying on each occasion the usual registration fee.

7. A candidate whose name shall once have appeared in the return, shall not be allowed to compete again with a view to obtain a higher grade.

8. All candidates, whether from government or private institutions, must distinctly understand, that mere insertion in the returns will by no means be a sure passport to employment, since the preference must depend upon other qualifications, as well as upon literary and scientific acquirements, and good moral conduct.

9. The following is the system of examination adopted, and the standard of the Senior English Scholarships referred to in rule 2.

Sets of questions on the various branches of study will be prepared under the direction of the Council of Education, who will likewise fix, within a reasonable time beforehand, the days on which the examinations shall be held.

The students shall be assembled in a room with-out books, papers, or references of any kind. They shall not be allowed to communicate with each other during the examination, and on that account shall be placed at a proper distance from each other.

They will be required to answer the questions and to write the essays without any assistance whatever, and to ensure this, one of the members of the Council of Education will remain in the room, and superintend the whole examination.

Any attempt at, or practice of, unfair means, shall subject the offender to exclusion from the examination, as well as from the returns of the Council, and thereby render him ineligible for Government employment.

The Council of Education will fix an uniform standard of value for each question according to its importance: a perfectly correct and complete answer will obtain the full number of marks attached to the question, an imperfect answer will obtain a part only of the full number, in proportion to its approximation to correctness and completeness. At least 50 per cent. of the aggregate number of marks attached to an entire set of examination questions, will be necessary to entitle a student to a senior scholarship.

The following are the qualifications for the Senior English Scholarships:—

The candidate must compose a fair English Essay.

He must know the leading facts of Universal History, with special reference to the Histories of Greece, Rome, India, England and Modern Europe. The course of History which will form the subject of each annual examination, will be made known by the

Council of Education, on or before the 1st of August of the previous year.

He must be able to explain passages of prose and verse, selected from standard authors. Hereafter the works from which the passages will be selected for the ensuing year, will be fixed by the Council of Education, at least one year before each annual scholarship examination.

He must have a knowledge of Algebra as treated of in Peacock's work on the subject, and in the Chapter on Chances in Wood's Algebra. Of Euclid he must know the first four books, the fifth definition of the 5th book, the 6th book, and 21 propositions of the 11th book: Plane and Spherical Trigonometry (Hind's, Snowball's or Woodhouse's) and Conic Sections.

He must have a knowledge of Astronomy, Mechanics, Hydrostatics, Pneumatics and Optics as treated of in the works noted in the margin* sufficient to enable him to comprehend Herschell's Introductory Discourse on the study of Natural Philosophy, and Mrs. Somerville's Connection of the Physical Sciences. He must also be acquainted with Mathematical and Physical Geography, as treated of in the publications of the Society for the Diffusion of Useful Knowledge.

He must write a fair essay in the Vernacular.

VI. The scholarship questions with the most distinguished answers in English Literature, History and the best Essays, will be published for general information and distribution, as soon as practicable after the receipt of the reports.

Very distinguished answers from out-candidates will also be published.

With a view to facilitate the classification and examination of answers in each subject, all candidates are directed to write their replies on one side of the paper only, and to answer no more than one question on any piece of paper.

Performances not executed in conformity with the above rule, will not be examined.

(By order of the Honorable President and Council of Education,)

FRED J. MOUAT, M. D., Secretary.
Council of Education, August 2, 1847.

Ordered, that the Act be promulgated for general information.

ACT NO. XL OF 1847.

An Act to authorize the reception of Convicts transported from Her Majesty's Settlement of Hong Kong.

It is hereby enacted, that it shall be lawful for the Governor General of India in Council in his executive capacity to authorize the Governor of Prince of Wales' Island, Singapore and Malacca, to receive in the said Settlements, and the Resident Councillors of Prince of Wales' Island, Singapore and Malacca, to receive in each of the said Settlements respectively, Convicts who have been duly sentenced to transportation by any competent Court in Her Majesty's Settlement of Hong Kong, and that every such Convict

G. A. BUSHBY, *Secy. to the Govt. of India.*

Fort William, Home Department, Legislative, the 14th August, 1847.

The following Draft of a proposed Act was read in Council for the first time on the 14th of August 1847:

ACT NO. — OF 1847.

An Act for curing the invalidity in the registration of Deeds arising from the fact of having been registered by persons not duly appointed or on other than Court days.

Whereas instances have occurred of persons exercising the office of Register of Deeds who have not been duly appointed, and whereas in some cases registration of Deeds has been made on other than Court days, that is on days other than those on which the Zillah or City Court has been open for business, and doubts may therefore arise as to whether the registration of any Deed registered by such persons not duly appointed, or registered on other than a Court day, is valid in law:

I. It is therefore hereby enacted, that acts which may have been done in that capacity in any Zillah, subject to the Presidency of Bengal, by persons who have had charge of the office of Register of Deeds without being duly appointed to the said office, shall be and shall be taken to have always been as valid in law as such acts would have been if the said persons had been duly appointed to have charge of the said office.

II. And it is enacted, that all acts which may have been done on other than Court days by the

Register of Deeds, or by the person having charge of the office without being duly appointed in any Zillah subject to the Presidency of Bengal, shall be and shall be taken to have always been as valid in law as such acts would have been if they had been done on a Court day.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India after the 14th day of October next.

General Orders by the Hon'ble the President of the Council of India in Council.

Fort William, 13th August, 1847.—No. 244 of 1847.—The Hon'ble the President of the Council of India in Council, with the concurrence of the Right Hon'ble the Governor General, is pleased to notify, that no European Non-Commissioned Officer or Soldier is entitled to retire on a Pension, after a service of 21 years, while under an unexpired contract for further service, and therefore men who re-enlist on a Bounty for a specified term, will be required to complete their contract of service, before they will be allowed to take their Pension.

Government, however, will not withhold from men so circumstanced, the option of retiring upon the condition of their refunding a proportionate amount of the Bounty received, and in such cases the sum refunded is to be placed to the credit of Government with the Pay Master, whose receipt for the same is to be attached to the usual documents, submitted with applications for permission to retire on a Pension, and to be considered as a release of the unexpired portion of the contract entered into, on re-enlistment.

The Bounty to be refunded is to be in proportion to the number of whole years of service unperformed, no refund will be required for periods of less than a year, and men wishing to take their Pensions, will be allowed to do so, although their contracted periods of service are unexpired by any period less than 365 days.

Non-Commissioned Officers and Soldiers after completing their 20th year service, will, in future, also be allowed the option of re-enlisting for one year on a Bounty of Rupees (16) Sixteen, in order that their period of 21 years' service, may expire simultaneously with the period for which Bounty is granted.

GENERAL POST OFFICE, MAY 1847.

The Post Master General having been informed by the Court of Directors of the East India Company, that on and after the 1st June next, persons in this Country may forward private correspondence by the Government Express from Bombay to Calcutta and Madras, all persons desirous of availing themselves of this privilege, will be required to mark upon the covers of their letters the words "By Express from Bombay," and in addition to this special address, it will be necessary, that all letters intended to be forwarded by the way of Southampton, should be so endorsed as hitherto: the postage to be charged in India in the delivery of letters sent by this Express will be in addition to the ordinary Inland rates.

One Rupee for every letter not exceeding half a tola in weight.

Two Rupees for every letter above half a tola, but not exceeding one tola in weight.

Four Rupees for every letter above one tola, but not exceeding two tolas in weight, two tolas being the maximum weight of letters to be conveyed by Express.

On Newspapers, each Newspaper Office in Calcutta and Madras, will be allowed to receive two Newspapers at the ordinary rates of Inland postage, on all other Newspapers forwarded by Express a postage of five Rupees each will be charged, and no Newspaper will be received for the Express exceeding three tolas in weight.

No. 966 of 1847.

General Department.

To W. TAYLER, Esquire,

Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark "per Express," and to keep within the limited weight of two tolas; and that, meanwhile, until the system becomes generally known, they ought to advise me, whether

they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d.—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d.—The public ought moreover to be most especially warned not to mark "per Express" on letters exceeding two tolas in weight, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail,) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of "Newspaper Offices" in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked "per Express," or posted a Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked "per Express," but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 tolas, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, without reference to that limit, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.

on Covers forwarded to Hong Kong.*

NOTICE is hereby given, that in conformity to the instructions of Her Majesty's Post Master

General, no Letter or Newspaper will, in future, be received at this Office for transmission to Hong Kong, unless the entire amount of Indian (Inland and Ship) Postage due for the conveyance of the same to its ulterior destination, shall be previously paid by the Sender at the time of posting at the Despatching Office.

It is to be distinctly understood that this rule does not apply to the description of covers forwarded by the Peninsular and Oriental Company's Contract Steamers, as on them, the prescribed British Packet rate of Postage is charged.

Calcutta, Genl. Post Office, the 4th Sept. 1846.

*Revised Rates of British Packet Postage, leviable on
Newspapers, Prices Current and Commercial Lists,
conveyed by the Peninsular and Oriental Com-
pany's Steamers from and to Indian Ports.*

WITH reference to the Notification issued by this Office, under date the 17th April last, further notice is hereby given for general information, that under the instructions of Government, every Newspaper, Price Current, or Commercial List, which may be posted for conveyance by the Peninsular and Oriental Company's Contract Steamers, from any one Indian Port to another, shall henceforth be charged with British Packet Postage, at the rate of Nine Pie, or Three Pice, (Three Quarters of an Anna,) instead of Eight Pie, as formerly fixed.
Calcutta, Genl. Post Office, the 4th Sept. 1846.

NOTICE is hereby given, that pursuant to the instructions of Her Majesty's Post Master General, all Letters posted or received at this Office, for transmission to Europe by the Overland Mails, (whether direct or via Bombay,) if not otherwise specially superscribed, will be sent by way of Marseilles.

J. B. BENNETT,

Deputy Post Master General.

Calcutta, Genl. Post Office, the 12th August, 1847.

THE following Memorandum drawn out by the Political Agent of Bhopaul, is published for general information :

Memorandum regarding Daks for Travellers within the Bhopaul Political Agency.

July 21st 1847.

1. A Dak consisting of 8 Palkee Bearers of 1 or 2 Banghy Burdars if required, and of 1 or 2 Mussalchies, will be furnished at the rate of eight annas (Company's Currency,) per mile, English.

2. On the two main roads between Saugor to Mhow, and between Saugor and Hoshungabad, the Bhopaul authorities furnish Daks from Bhilsa and Tuppa in the one case, and from Bhilsa and Hoshungabad on the other. The distances are respectively, 97 miles and 76 miles, according to the Post Office routes, viz. as follows: Bhilsa to Bhopaul 30, Bhopaul to Tuppa 67, and Bhopaul to Hoshungabad 46 miles. The distance between Bhopaul and Sehore is reckoned at 21 miles.

3. Should a traveller be detained for less than 24 hours, no demurrage will be charged; if he is delayed more than a day then for the second day in whole or part, and so for the 3d day, &c., he will be charged 3 annas (Company's Currency,) for each man at each stage—that is 3 annas a day per man, beyond the first day.

4. As delays occasionally occur in going from Saugor to Mhow at Tuppa, where the Mhow Bearers should take up the Dak, the Bhopaul Bearers will, if necessary, carry the traveller on to the next stage, Peepleea, each man employed receiving 4 annas (Company's Currency,) for the extra stage.

5. It is advisable always to give, if possible, seven days notice about laying a Dak, as the majority of the bearers have to be sent to their respective stages from the town of Bhopaul.

6. No Daks can be laid as a rule on other roads, but every endeavour will be made to accommodate travellers on timely notice being given.

STEAM TO DACCA AND GOWAHUTTEE IN ASSAM.

GOVERNMENT having decided on opening a Steam Communication with Gowahuttee in Assam *via* Dacca and Serajgunge, notice is hereby given, that the first boats for this line, a Steamer and a Flat, will be despatched on the 13th Proximo; and the communication be continued Monthly for THREE YEARS.

The following Regulations and Rates of Charge for accommodation of Passengers, and conveyance of Goods on the Government Boats employed in the above Navigation, are published for general information:

Of Passage.

All applications for Passage on the Government Boats proceeding to Dacca and Assam, must be made at the Boat Office in Calcutta, and all applications for Cabins on the Boats returning from Assam, must be made to the Steam Boat Agent at the nearest place to that of embarkation.

The distance between Calcutta and Gowahuttee is assumed to be 600 miles, and the distance from Calcutta to the different Stations as follows:

Burrisaul,	200 Miles.
Dacca,	300 "
Seraj Gunge,	400 "
Dewan Gunge,	450 "
Bugwah,	500 "
Gowalpara,	550 "
Gowahuttee,	600 "

An Accommodation or a Cargo Boat will be employed in this line, as far as Dacca, the Steamer only going on to Gowahuttee until the demand for freight to and from places above Dacca is more than a Steamer can supply. In the first there are 3 classes of Cabins, but there will be no distinction in the charge, and the preference in the selection will be given to those who engage for the longest distances or otherwise, according to priority of application.

To Burrisaul or Dacca the charge will be Seventy-five Rupees, to Gowahuttee One Hundred and Fifty Rupees, or at the rate of Twenty-five Rupees for every 100 miles, of the estimated distance according to which the passage for intermediate distances will be rated.

One Servant is allowed to each Cabin occupied by one person, but if a Cabin be occupied by more than one person, an additional charge will be made of Nine Rupees, which will entitle the Cabin to a second Servant. All other extra Servants will be considered as Deck Passengers, the charge for which will be half an Anna per mile, or Eighteen Rupees Twelve Annas from Calcutta to Gowahuttee; Deck Passengers will pay Eighteen Rupees to Gowahuttee, or half an Anna a mile for any shorter distance.

The charge for passage on return voyages will be the same as above.

Passengers are allowed to carry such Baggage and Cabin Furniture within their Cabins as is necessary for the voyage; and this may include a Piano if required for use during the voyage and not in a packing case: but Pianos in packing cases and all other packages, as cases of Millinery, Saddlery, Glass and Earthen-ware, Beer and Wines, and other Stores, will be stowed in another part of the vessel; and to the extent of half a ton, or 25 cubic feet, be charged for at half the established rate of Freight; all in excess of half a ton will be charged at the full rate of Freight.

Deck Passengers are allowed one Roll of Bedding 2 feet wide, and a box of six cubic feet solid contents.

A Table is provided by the Commander at Four Rupees per Diem for each person, exclusive of Wines and Beer, which if provided by the Commander, are charged at regulated prices, of which a list is exhibited in the Dining Room, and all Refreshments required between the regular meals of Breakfast at $\frac{1}{4}$ past 8, Biscuit, &c. at noon, Dinner at 3 p. m., and Tea and Coffee in the evening. Persons who provide their own Wines, will pay 3 annas for each cork drawn.

Children who do not come to the Table are provided at One Rupee per day, the same charge is made for Christian Servants.

Mussulman Servants may feed with the Crew, paying a rate of Two Annas per day. Hindoos must provide their own food.

The Passage Money, and a deposit of Four Rupees per day for the estimated term of the voyage, must be paid on engaging a passage, and any surplus of Table Money will be returned, or an additional charge be made by the Commander, as the voyage may fall short of or exceed the time for which the deposit was calculated. Half the Passage Money, and half the Table Money become forfeit by persons who relinquish a passage after having engaged it.

The despatch of Boats will be duly advertized, and if any change in the Boats occurs, Accommodation or Freight engaged for the one advertized, will be assigned on the one substituted.

Of Freight.

All Goods intended for shipment on the Government Boats must be sent to the Boat Office, in Church Lane, Calcutta, between the hours of Ten and Four, Sundays, Christmas Days, and Good Fridays excepted.

Goods will not be received for shipment unless they be addressed to a resident at the place at which they are to be delivered from the Boats. The direction must be marked on something not liable to be destroyed by vermin, and from which it may not easily be obliterated. A direction written on a card or marked with ink on a tin box, would be liable to the above objection.

The Boat Office will not be responsible for any damage or loss that may be occasioned by accident to the vessel or other cause whatever, not traceable to negligence or mismanagement of those belonging to the vessel.

All Goods sent to the Boat Office must be accompanied by a note, with suitable direction for the guidance of the Officers of the Department.

Goods not applied for on board the Boat by the Consignee, will be carried on and charged with additional freight, unless addressed to the Steam Agent, in which case they will be delivered to him. It must be understood, however, that although all persons are at liberty to consign their goods to the Steam Agent of the stations at which they are to be landed, *the Government is not responsible for such Steam Agent, or for the safety of the goods after the delivery of the same to the Consignee or to his order, whether such Consignee be the Steam Agent or any other person.* Goods intended for the final station, if not applied for within 24 hours after the Boat's arrival there, will be delivered to the Steam Agent at the risk of the shipper.

Freight on all Packages, excepting Treasure laden in Calcutta, or for which tonnage is reserved in Calcutta, and which do not exceed in weight 35lbs. per cubic foot, will be charged by the cubic foot.

Packages exceeding thirty-five pounds, or 17½ seers per cubic foot, will be charged by the weight.

The charge for Freight downwards will be 6 annas per maund for all distances aboye Dacca; articles weighing less than 35 lbs. or 17½ seers per cubic foot, to be charged by measurement at 4 annas per foot. From Dacca and places near Calcutta, 5 annas per maund, 2½ annas per foot.

Dispatch of Bouts, and probable dates of Arrival at different Places.

It is intended that the Boats shall leave Calcutta the 13th of every month, except when the 13th falls on a Sunday, when they will be dispatched on the 12th. The following is the estimated time the Boats will take, and the date on which they will probably arrive at the different Stations up and down, leaving Calcutta on the 13th to get back there, by the 9th the boats will reach—

Treasure is deliverable to the Bill of Lading only, and parties neglecting to apply for Treasure will be subjected to additional Freight for the distance it may become necessary to carry it in consequence of their negligence.

Applications for Freight on the Vessel downward must be made to the Steam Boat Agent at Gowahuttee or Seraj Gunge, or at the nearest Station, by letter, describing the Goods to be despatched, their weight and measurement.

The Steam Agent will in reply, name the Boat in which he assigns tonnage, and if from any cause, as damage to the Boat, deviation from her intended voyage on unexpected demand on account of Government, a circumstance likely seldom to occur, the tonnage should be rendered non-available, the party for whom such tonnage has been registered must bear the inconvenience, and he will have no claim for indemnification by assignment of Freight in another Vessel to the detriment of any other person who may have engaged tonnage subsequently to the disappointed party, whose right to tonnage will be limited to such as may be available in the Vessel previously named, but in that Vessel, the claim to such tonnage as may remain available will be acknowledged according to priority of application. Thus the entire tonnage of a Boat may have been assigned in rotation by the Steam Agent to A. B. and C., after which the Government unexpectedly make a demand for more or less, the remaining portion will go to satisfy the claim of A. then of B. &c. The latter applications being thrown out partially or wholly, as the case may be.

The Agent will be instructed to acknowledge the applications made to him for tonnage in the following terms:—"Sir, in reply to your letter of the I beg to say tonnage for chests of Indigo and maunds of Sugar is assigned to you on the Registered No. of application."

The Agent is instructed to keep a correct Register of daily assignments, and to transmit a copy daily to the Controller of Steam Vessels.

„ Seraj Gunge,	4 ditto.
„ Dewan Gunge,	3 ditto.
„ Bugwah,	3 ditto.
„ Gwalpara,	3 ditto.
„ Gowahuttee,	48 ditto, clear.

Should Freight not be ready for shipment on the arrival of the Boat at the several stations, the Commander of the Steamer will have peremptory orders to proceed to the next Station.

Treasure laden on a Boat whose progress is arrested, will be retained on board until the Boat is enabled to proceed to her destination, unless the Consignees holding the Bill of Lading of such Treasure may require its delivery, giving a full

acquittance for the Treasure, and receiving such difference of Freight as may have been paid in excess of what would have been charged for conveyance of such Treasure to the place of its delivery.

The Steam Agents at the different Stations make no charge for landing Goods from the Boats into their Godowns; nor for shipping Goods delivered into their Godowns, provided such Goods are not merchandise, intended for traffick, nor animals nor machines for conveyance; for all such they will charge the following rates:

For embarking or landing a Horse, Cow or Bull, Rs. 2.

A Calf, Dog, Sheep, or Goat with or without Kid, Annas 2.

And no Packages will be received into the Boat Office for transmission on which Freight is not paid at the time.

*Fort William, Home Department, Legislative,
the 14th August, 1847.*

The following Draft of a proposed Act was read in Council for the first time on the 14th of August 1847:

ACT No. — OF 1847.

An Act for curing the invalidity in the registration of Deeds arising from the fact of having been registered by persons not duly appointed or on other than Court days.

Whereas instances have occurred of persons exercising the office of Register of Deeds who have not been duly appointed, and whereas in some cases registration of Deeds has been made on other than Court days, that is on days other than those on which the Zillah or City Court has been open for business, and doubts may therefore arise as to whether the registration of any Deed registered by such persons not duly appointed, or registered on other than a Court day, is valid in law:

I. It is therefore hereby enacted, that acts which may have been done in that capacity in any Zillah, subject to the Presidency of Bengal, by persons who have had charge of the office of Register of Deeds without being duly appointed to the said office, shall be and shall be taken to have always been as valid in law as such acts would have been if the said persons had been duly appointed to have charge of the said office.

II. And it is enacted, that all acts which may have been done on other than Court days by the Register of Deeds, or by the person having charge of the office without being duly appointed in any Zillah subject to the Presidency of Bengal, shall be and shall be taken to have always been as valid in law as such acts would have been if they had been done on a Court day.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first meeting of the Legislative Council of India after the 14th day of October next.

General Department.

W. TAYLER, Esquire,
Post Master General, Calcutta.

SIR,—Adverting to my Letter, dated the 2d instant, I have the honor to suggest for your consideration, whether it would not be advisable to publish a Notice in the Calcutta Papers, intimating to the public generally, especially the Mercantile Community, that, if they desire their Overland Letters, to be forwarded on by the Government Overland Express, they should request their Correspondents to mark “per Express,” and to keep within the *limited weight of two tolas*; and that, meanwhile, until the system becomes generally known, they ought to advise me, whether they wish any of their Letters, not so marked, to be sent on from Bombay by the Express.

2d—By the last Express I dispatched as usual a number of Overland Letters, not especially marked, because, had I not done so, great disappointment would have been experienced by parties in Calcutta; but I intend to discontinue the practice, after a sufficient time has elapsed to admit of the public becoming aware of the privilege conceded by the Notification of May issued by the London General Post Office, and to dispatch by the Overland Express those Letters only which are so marked.

3d—The public ought moreover to be most especially warned not to mark “per Express” on letters *exceeding two tolas in weight*, because such letters cannot be so dispatched. They will invariably be detained (as was the case on the arrival of the last Mail) for transmission by the post regular dawk, dispatched after the Express.

4th.—I shall feel much obliged by your favoring me with a list of “Newspaper Offices” in Calcutta, and by your informing the parties connected therewith that not more than two papers (whether sent out from England marked “per Express,” or posted in Bombay to go by Express) will, in future, be forwarded by the Government Express. Some of the Newspaper Offices have as many as six Overland Papers marked “per Express,” but, as they cannot be so forwarded, it is useless to have them so marked.

5th.—The new rule limits the weight of a Newspaper to 3 tolas, but, if that were acted up to, the Newspaper Offices would be deprived altogether of the privilege conceded by the Notification of May last, as an Overland Paper invariably weighs more than 3 and generally very nearly 6 tolas. I have therefore determined to send two Overland Papers to each Office, *without reference to that limit*, and shall continue the practice until I receive orders to the contrary from Government or the Home Authorities.

I have, &c.

J. B. BENNETT,

Deputy Post Master General.

Calcutta, Genl. Post Office, the 12th August, 1847.

THE following Memorandum drawn out by the Political Agent of Bhopaul, is published for general information :

Memorandum regarding Daks for Travellers within the Bhopaul Political Agency.

July 21st 1847.

1. A Dak consisting of 8 Palkee Bearers of 1 or 2 Baughy Burdars if required, and of 1 or 2 Mussalchies, will be furnished at the rate of eight annas (Company's Currency,) per mile, English.

2. On the two main roads between Saugor to Mhow, and between Saugor and Hoshungabad, the Bhopaul authorities furnish Daks from Bhilsa and Tuppa in the one case, and from Bhilsa and Hoshungabad on the other. The distances are respectively, 97 miles and 76 miles, according to the Post Office routes, viz. as follows: Bhilsa to Bhopaul 30, Bhopaul to Tuppa 67, and Bhopaul to Hoshungabad 16 miles. The distance between Bhopaul and Sehore is reckoned at 21 miles.

3. Should a traveller be detained for less than 24 hours, no demurrage will be charged; if he is delayed more than a day then for the second day in whole or part, and so for the 3d day, &c., he will be charged 3 annas (Company's Currency,) for each man at each stage—that is 3 annas a day per man, beyond the first day.

4. As delays occasionally occur in going from Saugor to Mhow at Tuppa, where the Mhow Bearers should take up the Dak, the Bhopaul Bearers will, if necessary, carry the traveller on to the next stage, Peepleea, each man employed receiving 4 annas (Company's Currency,) for the extra stage.

5. It is advisable always to give, if possible, seven days notice about laying a Dak, as the majority of the bearers have to be sent to their respective stages from the town of Bhopaul.

6. No Daks can be laid as a rule on other roads, but every endeavour will be made to accommodate travellers on timely notice being given.

Pol. Agent in Bhopaul.

No. 4130.

STEAM TO DACCA AND GOWAHUTTEE IN ASSAM.

GOVERNMENT having decided on opening a Steam Communication with Gowahuttee in Assam via Dacca and Serajgunge, notice is hereby given, that the first boats for this line, a Steamer and a Flat, will be despatched on the 13th Proximo; and the communication be continued Monthly for THREE YEARS.

The following Regulations and Rates of Charge for accommodation of Passengers, and conveyance of Goods on the Government Boats employed in the above Navigation, are published for general information:

Of Passage.

All applications for Passage on the Government Boats proceeding to Dacca and Assam, must be made at the Boat Office in Calcutta, and all applications for Cabins on the Boats returning from Assam, must be made to the Steam Boat Agent at the nearest place to that of embarkation.

The distance between Calcutta and Gowahuttee is assumed to be 600 miles, and the distance from Calcutta to the different Stations as follows.

Burrisaul,.....	200 Miles.
Dacca,.....	300 "
Seraj Gunge,.....	400 "
Dewan Gunge,.....	450 "
Bugwah,.....	500 "
Gowalpara,.....	550 "
Gowahuttee,.....	600 "

An Accommodation on a Cargo Boat will be employed in this line, as far as Dacca, the Steamer only going on to Gowahuttee until the demand for freight to and from places above Dacca is more than a Steamer can supply. In the first there are 3 classes of Cabins, but there will be no distinction in the charge, and the preference in the selection will be given to those who engage for the longest distances or otherwise, according to priority of application.

To Burrisaul or Dacca the charge will be Seventy-five Rupees, to Gowahuttee One Hundred and Fifty Rupees, or at the rate of Twenty-five Rupees for every 100 miles, of the estimated distance according to which the passage for intermediate distances will be rated.

One Servant is allowed to each Cabin occupied by one person, but if a Cabin be occupied by more than one person, an additional charge will be made of Nine Rupees, which will entitle the Cabin to a second Servant. All other extra Servants will be considered as Deck Passengers, the charge for which will be half an Anna per mile, or Eighteen Rupees Twelve Annas from Calcutta to Gowahuttee; Deck Passengers will pay Eighteen Rupees to Gowahuttee, or half an Anna a mile for any shorter distance.

The charge for passage on return voyages will be the same as above.

Passengers are allowed to carry such Baggage and Cabin Furniture within their Cabins as is necessary for the voyage; and this may include a Piano if required for use during the voyage and not in a packing case: but Pianos in packing cases and all other packages, as cases of Millinery, Saddlery, Glass and Earthen-ware, Beer and Wines, and other Stores, will be stowed in another part of the vessel; and to the extent of half a ton, or 25 cubic feet, be charged for at half the established rate of Freight; all in excess of half a ton will be charged at the full rate of Freight.

Deck Passengers are allowed one Roll of Bedding 2 feet wide, and a box of six cubic feet solid contents.

A Table is provided by the Commander at Four Rupees per Diem for each person, exclusive of Wines and Beer, which if provided by the Commander, are charged at regulated prices, of which a list is exhibited in the Dining Room, and all Refreshments required between the regular meals of Breakfast at $\frac{1}{4}$ past 8, Biscuit, &c. at noon, Dinner at 3 P. M., and Tea and Coffee in the evening. Persons who provide their own Wines, will pay 3 annas for each cork drawn.

Children who do not come to the Table are provided at One Rupee per day, the same charge is made for Christian Servants.

Mussulman Servants may feed with the Crew, paying a rate of Two Annas per day. Hindoos must provide their own food.

The Passage Money, and a deposit of Four Rupees per day for the estimated term of the voyage, must be paid on engaging a passage, and any surplus of Table Money will be returned, or an additional charge be made by the Commander, as the voyage may fall short of or exceed the time for which the deposit was calculated. Half the Passage Money, and half the Table Money become forfeit by persons who relinquish a passage after having engaged it.

The despatch of Boats will be duly advertized, and if any change in the Boats occurs, Accommodation or Freight engaged for the one advertized, will be assigned on the one substituted.

Of Freight.

All Goods intended for shipment on the Government Boats must be sent to the Boat Office, in Church Lane, Calcutta, between the hours of Ten and Four, Sundays, Christmas Days, and Good Fridays excepted.

Goods will not be received for shipment unless they be addressed to a resident at the place at which they are to be delivered from the Boats. The direction must be marked on something not liable to be destroyed by vermin, and from which it may not easily be obliterated. A direction written on a card or marked with ink on a tin box, would be liable to the above objection.

The Boat Office will not be responsible for any damage or loss that may be occasioned by accident to the vessel or other cause whatever, not traceable to negligence or mismanagement of those belonging to the vessel.

All Goods sent to the Boat Office must be accompanied by a note, with suitable direction for the guidance of the Officers of the Department.

Goods not applied for on board the Boat by the Consignee, will be carried on and charged with additional freight, unless addressed to the Steam Agent, in which case they will be delivered to him. It must be understood, however, that although all persons are at liberty to consign their goods to the Steam Agent of the stations at which they are to be landed, the Government is not responsible for such Steam Agent, or for the safety of the goods after the delivery of the same to the Consignee or to his order, whether such Consignee be the Steam Agent or any other person. Goods intended for the final station, if not applied for within 24 hours after the Boat's arrival there, will be delivered to the Steam Agent at the risk of the shipper.

Freight on all Packages, excepting Treasure laden in Calcutta, or for which tonnage is reserved in Calcutta, and which do not exceed in weight 35lbs. per cubic foot, will be charged by the cubic foot.
